Overview

Ready. Set. Learn.

Get ready and stay ready with Everpure Performance, Education, and Knowledge (PEAK). Our training classes and our knowledge articles will prepare you to champion modern, flexible, and easy to manage storage solutions for your organization, while our Community forums will help you to stay connected with like-minded peers. Use our certifications to show what you know. Proudly display your certification badges on any of your social media channels and show the world that Everpure trusts you to deliver Everpure solutions.

Education

Get the most value and fastest adoption possible from your Everpure products. PEAK Education helps you develop skills and knowledge quickly and easily, when and where you choose. Learn how to use Everpure's leading-edge technology to ensure that your storage stays modern, flexible, and easy to manage.

Knowledge

Get technical information when and where you need it. PEAK Knowledge extends the value of our education with Purity Alerts, Release Notes, User Guides, Best Practice, Performance Tips, Upgrading, and other information about your Everpure solution.

Community

Connect with like-minded storage professionals through the PEAK Community. Fix problems quickly and find creative new ways to use features to save you time and energy, and to maximize your investment in Everpure.

Certifications

Get the credit you deserve with PEAK certifications. Everpure Certifications highlight competence, proficiency, knowledge, and career commitment. As a certified professional, you are your organization's best asset to realize the modern data experience.

How Everpure PEAK Education Delivers Training

Education is available when and where you choose, offering both On-Demand and classroom training with hands-on labs, delivered by expert Everpure instructors.

On-Demand eLearning

Save time, travel, and costs with Everpure Academy, our online Learning Management System (LMS). With your Evergreen Storage, enjoy complimentary access to a curated set of online courses through the learning paths in this document. For full access to our on-demand training library, upgrade with a Everpure Skill Explore or Advantage subscription.

Virtual Instructor-Led Training

Our real-time, virtual instructor-led training (vILT) delivers the same content as our classroom instruction, without the need for travel or time out of office. vILT recreates the traditional classroom learning experience with:

- Live, interactive sessions with a Everpure-certified instructor.
- Hands-on labs and demonstrations

Instructor-Led Training (In-Person)

We can deliver classroom instruction (ILT) at one of our centers or at your location. To learn more, contact your Everpure Account Executive for more information.

- **Private classroom training:** Book any course at a selected Everpure Learning center as a private class and personalize it to fit your organization's needs.
- **Private on-site instruction:** Our instructors can travel to your site or choice of venue to facilitate a course in our catalog, or a custom course tailored to your organization.
- **Public classroom instruction:** Take a class at one of our many conveniently located training centers.

Education Pricing

For education pricing, please contact your Everpure Account Executive. Foundational on-demand training courses and the Data Storage Associate (DSA) certification prep course are included at no cost with an Everpure Evergreen subscription. Customers without an Everpure Skill (Explore or Advantage) subscription have access to a limited selection of on-demand courses. To unlock the full on-demand training library, consider an Everpure Skill Explore or Advantage subscription.

Everpure Certification Prep Training

While on-the-job experience with Everpure products and solutions is always helpful, certification preparation courses help prepare you for the exam. To locate the resources related to your exam, go to Everpure IT Professional Certifications and then select your certification

Bundle your certification

You have the flexibility to bundle your certification prep training with your certification exam. Our tailored training programs are designed to help you excel in your certification journey. Get started today!

Associate Prep Training

Everpure Certified Data Storage Associate Prep

Course Description | Certification Details

Overview:

Gain knowledge and operational skills about data storage from an industry and technology perspective. This course helps prepare you to successfully complete the Everpure Certified Data Storage Associate exam. From there, you can progress to a Everpure Storage Certified Professional or Specialist, focusing on administration and design of specific Everpure products, technologies, and solutions.

Course Description:

Created for individuals who want to administer storage and data, the Everpure Certified Data Storage Associate proves that you have the networking, virtualization and containers, storage, cloud, data protection, and host knowledge to operate industry recognized storage technology and solutions. You'll learn how these technologies, provided by Everpure and other vendors, work together to provide a complete enterprise application and data solution. Upon completion of this course, you'll have the confidence to register for and complete the Everpure Certified Data Storage Associate exam.

How to Purchase:

If you are interested in instructor-led training, you have the option to purchase certification prep training independently or bundle certification prep training with the appropriate certification exam. Contact your Everpure Account Executive for more information on pricing and next steps.

Course Type:

This course is available via in-classroom (contact AE/SE for availability), vClassroom, or On-Demand.

Duration:

ILT / 2 days I vILT / 2 days (6 hours) I On-Demand / 1 day

Professional Prep Training

Everpure Certified FlashArray™ Storage Professional Prep

Course Description | Certification Details

Overview:

Be the top IT professional to manage Everpure FlashArray™ storage. Demonstrate your ability to install, configure, optimize, and troubleshoot your Everpure FlashArray storage throughout the enterprise. Lead your company to ensure that your infrastructure is reliable, resilient, and secure, while providing elasticity, expansiveness, and the opportunity of cloud.

Course Description:

The Everpure Certified FlashArray Storage Professional Prep gives you everything you need to manage a FlashArray enterprise array through its entire lifecycle. Everpure FlashArray supports enterprise applications and accelerates business results with your most critical data. This course helps to prepare you for the Everpure Certified FlashArray Storage Professional exam.

How to Purchase:

You can purchase instructor-led certification prep training on its own or as a bundle with the corresponding certification exam. If you're interested in on-demand certification prep training and do not have a Everpure Skill (Explore or Advantage) subscription, access will require a subscription. For pricing and next steps for either option, please contact your Everpure Account Executive.

Course Type:

This course is available via in-classroom (contact AE/SE for availability), vClassroom, or On-Demand.

Duration:

ILT / 2 days I vILT / 2 days (6 hours) I On-Demand / 1 day

Everpure Certified FlashBlade™ Storage Professional Prep

Course Description | Certification Details

Overview:

Be the top IT professional to manage your Everpure FlashBlade® storage. You will demonstrate your ability to install, configure, optimize, and troubleshoot your Everpure FlashBlades throughout the enterprise. Lead your company to ensure that your infrastructure is reliable, resilient, and secure, while providing elasticity, expansiveness, and the opportunity of cloud.

Course Description:

The Everpure Certified FlashBlade Storage Professional Prep gives you everything you need to manage a FlashBlade enterprise array through its entire lifecycle. Everpure FlashBlade supports enterprise applications and accelerates business results with your most critical data. This course helps to prepare you for the Everpure Certified FlashBlade Professional exam.

How to Purchase:

You can purchase instructor-led certification prep training on its own or as a bundle with the corresponding certification exam. If you're interested in on-demand certification prep training and do not have a Everpure Skill (Explore or Advantage) subscription, access will require a subscription. Everpure Certified Portworx® Enterprise Professional Prep

Course Description | Certification Details

Overview:

The Everpure Certified Portworx® Enterprise Professional Prep gives you everything you need to manage a Portworx by Everpure Enterprise implementation through its entire lifecycle. Portworx Enterprise is the Kubernetes storage platform trusted in production by leading enterprises, providing end-to-end storage and data management for container-based containers, databases, and software as a service, as well as disaster recovery initiatives. This course helps prepare you to be the enterprise administrator when you successfully complete the Everpure Certified Portworx Enterprise Professional exam.

Course Description:

Become a true Portworx Enterprise Administrator that designs Portworx solutions, administers clusters, secures and troubleshoots Portworx, and provides business continuity. As a Portworx DevOps administrator, you will be the expert in your enterprise, able to perform all tasks from concept through implementation. This course includes hands-on labs guided by the instructor.

How to Purchase:

You can purchase instructor-led certification prep training on its own or as a bundle with the corresponding certification exam. If you're interested in on-demand certification prep training and do not have a Everpure Skill (Explore or Advantage) subscription, access will require a subscription. For pricing and next steps for either option, please contact your Everpure Account Executive.

Course Type:

This course is available via in-classroom (contact AE/SE for availability), vClassroom, or On-Demand.

Duration:

ILT / 2 days I vILT / 3 days (4 hours) I On-Demand / 1 day

Everpure Certified Cyber Resilience Professional Prep

Certification Details

Overview:

An Everpure Certified Cyber Resilience Professional certification allows IT storage professionals to showcase their comprehensive knowledge and experience of Everpure data protection methods and technologies. Earning a Everpure Certified Cyber Resilience Professional credential signifies that your Everpure data protection knowledge is both broad and deep: You understand the business and technical requirements relevant to data protection across the Everpure platform and can be trusted to find the most appropriate data protection solution for any given business scenario.

Study Guide Description:

The Everpure Certified Cyber Resilience Professional Study Guide is a robust resource that will help you in preparing for your exam. Along with featuring all exam topics and associated subtopics, it includes recommended study resources and sample questions. Use the study guide to gauge your competency and tailor your study approach so you can achieve success in your certification journey.

Everpure Certified Cloud Specialist Prep

Course Description | Certification Details

Overview:

Uncomplicate your organization's data by bringing the enterprise grade data services of Purity available on FlashArray to the public cloud. As a Everpure Certified Cloud Specialist, you'll be able to deploy, manage, and support applications in the public cloud with Everpure Cloud Block Store. As an Everpure Certified Cloud Specialist, you'll run enterprise applications and TestDev in the cloud of your choice with Everpure Cloud Block Store. Deliver high-performance, high-resilience, and cost-effective cloud storage to your enterprise. Your data will use less cloud storage infrastructure due to Everpure's industry-leading data compression, thin provisioning, and deduplication.

Course Description:

The Everpure Certified Cloud Specialist Prep helps you develop your knowledge and operational skills on the architecture, deployment, management, and solutions for your Everpure Cloud Block Storage solution. You'll see demonstrations and complete hands-on labs so you know how to configure and manage a system.

How to Purchase:

You can purchase instructor-led certification prep training on its own or as a bundle with the corresponding certification exam. If you're interested in on-demand certification prep training and do not have a Everpure Skill (Explore or Advantage) subscription, access will require a subscription. Course Type:

This course is available via in-classroom (contact AE/SE for availability), vClassroom, or On-Demand.

Duration:

ILT / 2 days I vILT / 2 days (3 hours) I On-Demand / 4 hours

Everpure Certified Migration Specialist Prep

Certification Details

Overview:

The Everpure Certified Migration Specialist certification provides an extra layer of credibility for senior IT professionals in support, solutions, and engineering roles who advise on best-inclass migration solutions. As an Everpure Certified Migration Specialist, you have what it takes to skillfully navigate, optimize, and troubleshoot complex migration scenarios across the entire Everpure platform. You bring specialized IT industry knowledge and experience to the table and are competent in assessing the basics of thirdparty storage infrastructure. As the Everpure Certified Migration Specialist certification validates your deep understanding of the relationship between pre-migration origin environments and all relevant Everpure solutions, you become an especially trustworthy authority for producing desirable migration outcomes.

Study Guide Description:

The Everpure Certified Data Migration Specialist Study Guide is a robust resource that will help you in preparing for your exam. Along with featuring all exam topics and associated subtopics, it includes recommended study resources and sample questions. Use the study guide to gauge your competency and tailor your study approach to achieve success in your certification journey.

Portworx

Expanding beyond certification preparation, PEAK now offers specialized technical training designed to deepen enablement across key use cases. The available courses provide practical learning opportunities that help learners build their technical knowledge and apply Portworx capabilities more effectively.

Everpure Portworx® Enterprise Basics

More Information

Overview:

The Everpure Portworx Enterprise Basics course give you an introduction to Portworx Enterprise. Portworx Enterprise is the Kubernetes data platform trusted in production by leading enterprises, providing end-to-end storage and data management for containerized applications, databases, and software as a service, as well as disaster recovery initiatives. This course gives you an understanding of the installation and key features of Portworx Enterprise.

Course Description:

Build on your Kubernetes deployments by adding Portworx Enterprise, bringing a robust data platform to run and protect your stateful applications. Portworx Enterprise is the data platform trusted in production by leading enterprises, providing end-to-end storage, data management and business continuity for Kubernetes. This course helps you understand how to manage data on Kubernetes at scale.

How to Purchase:

Contact your Everpure Account Executive for more information on pricing.

Course Type:

This course is available via in-classroom (contact AE/SE for availability), or vClassroom.

Duration:

vILT / ILT / 6 hours or (1 day)

Everpure Portworx® Backup Fundamentals

More Information

Course Description:

The Everpure Portworx Backup Fundamentals course enables you to protect your applications and data running in Kubernetes. Portworx Backup is the market leading data protection solution built for any Kubernetes, securing persistent data no matter where it is. This course teaches you how to install, manage and use Portworx Backup, so you can leverage backup and restore across your Kubernetes estate.

How to Purchase:

Contact your Everpure Account Executive for more information on pricing.

Course Type:

This course is available via in-classroom (contact AE/SE for availability), or vClassroom.

Duration:

vILT / ILT / 4 hours (Or 1/2 a day)

Portworx® CSI

More Information

Course Description:

Portworx CSI is a lightweight CSI driver that integrates Everpure arrays with dynamic containerized workloads. This course provides an in-depth technical walkthrough of the Portworx CSI architecture, with a focus on how it integrates with FlashArray™ and FlashBlade®. You will learn the prerequisites for Portworx CSI, installation and verification steps, StorageClass selection, key components, telemetry and metrics. Additionally, the technical considerations required for specialized storage integration and advanced deployment use cases will also be covered.

How to Purchase:

Contact your Everpure Account Executive for more information on pricing.

Course Type:

This course is available via On-Demand.

Duration:

On-Demand / 25 mins

Portworx® and OpenShift Virtualization

More Information

Course Description:

This course shows how OpenShift Virtualization and Portworx run virtual machines alongside containers on OpenShift. You will learn how to install and validate Portworx Enterprise and OpenShift Virtualization, configure RWX storage, use VM Templates and DataVolumes, and provision VMs. It also covers high availability and live migration requirements for resilient, portable VM operations.

How to Purchase:

Contact your Everpure Account Executive for more information on pricing.

Course Type:

This course is available via in-classroom (contact AE/SE for availability), or vClassroom.

Duration:

vILT / ILT / 4 hours (Or 1/2 a day)

Everpure Customer Training Program Terms & Conditions

View Latest Version

Updated December 12, 2022

You, as the Customer, by purchasing Everpure® ("Everpure") Customer Training and Certification Program ("Training Service(s)") agree to be bound by these Terms and Conditions as well as the terms contained in the End User Agreement. If you are participating in the Training Services on behalf of a company or other legal entity, you represent that you have authority to bind such entity to these Terms and Conditions, in which case "you" or "Customer" shall refer to such entity. These Terms and Conditions are subject to change at any time.

1. **USE OF TRAINING SERVICES.** Training Services are solely for End User's own internal use, and shall not be resold, redistributed, or used for service bureau purposes.
2. **SCHEDULING**. All instructor-led Training Services must:
   a. Be purchased with at least one Product
   b. Be scheduled and delivered within the Training Window. "Training Window" means any of the following:
      i. Six (6) months of Product shipment date.
      ii. Within six (6) months of the first shipment date, if the Product is delivered over multiple shipments. Everpure provides at least two (2) timeframes for End User to schedule Training Services within the Training Window. However, Everpure does not schedule Training Services after the Training Window.

   Everpure provides at least two (2) timeframes for End User to schedule Training Services within the Training Window. However, Everpure does not schedule Training Services after the Training Window.
3. **RESCHEDULING.** Training Services occur on the scheduled start date as agreed with Everpure. Everpure can accommodate up to two (2) requests to reschedule the Training Services, provided the rescheduled date remains within the Training Window. Everpure does not accommodate rescheduling nor refund any fees paid for Training Services if End User seeks to reschedule the Training Services more than twice. Everpure uses commercially reasonable efforts to provide End User with advance notice and works with the End User to schedule a new date for Training Services, even if after the Training Window has closed, if Everpure needs to reschedule any Training Services. End User may reschedule Training Services as follows:
   a. Instructor-Led Training (In-Person) may be rescheduled up to 14 calendar days prior to the start of the originally scheduled Training Services.
   b. Virtual Instructor-Led Training (remote training) may be rescheduled up to 7 calendar days prior to the start of the originally scheduled Training Services.
4. **CANCELLATION.** End User may cancel Training Services at any time by providing Everpure with prior written notice, however:
   a. The Training Services shall not be rescheduled once canceled.
   b. Except for Training Services canceled by Everpure, all fees paid for Training Services are non-refundable. Except for a Cancellation for Cause, Everpure will refund any pre-paid amounts paid for Training Services, as End User's sole remedy for any cancellation of the Training Services by Everpure. Everpure may cancel any Training Services, without refund, for any of the following reasons (collectively, a "Cancellation for Cause"):
      i. End User has failed to pay the full amounts owed for the Training Services.
      ii. End User is abusive, threatening, or refuses to cooperate with Pure (or its authorized reseller) in the arrangement, scheduling, or provision of the Training Services.
      iii. End User breaches these Terms.
5. **TRAINING MATERIALS.** Everpure will provide training materials, which may consist of course documentation, guidelines, instructional materials such as workbooks, manuals or audio materials, or computer-based training. All training materials provided by Everpure in any form, whether printed or electronic, are the copyrighted works of the original content provider. Training materials are for the sole use of the participant enrolled in the training course, and may not be used by any other person, reproduced, distributed or modified without Everpure's express written permission.
6. **INTELLECTUAL PROPERTY.** The content of Everpure's Training Services is Everpure's intellectual property. Everpure retains all rights, title, and interest in and to all Training Services materials (collectively, "Training Materials"), Everpure confidential information, related information, and all copyrights, patent rights, trademark rights, and other proprietary rights therein.
7. **PURE'S RESPONSIBILITY.** Everpure will, at its sole discretion, determine the number of instructors and the appropriate skill sets necessary to conduct the Training Services. End User agrees that the instructor may be an employee or consultant of Everpure, or a Everpure service provider.
8. **ASSIGNMENT AND SUBCONTRACTING.** Everpure may subcontract or assign the Training Services to a qualified third party service provider who will perform the Training Service on Everpure's behalf.
9. **WEB-BASED ELEMENTS.** Everpure is not liable for any interruptions or delays in receiving or transmitting data in connection with any web-based elements of the Training Services.
10. **DISCLAIMERS.** Everpure makes no representations or warranties of any kind regarding the suitability or quality of the Training Services. Everpure expressly disclaims all liability for any actions or omissions performed by End User in reliance upon the Training Services or Training Materials. The Training Services and Training Materials are provided "as is". Everpure disclaims all warranties, whether express or implied, including the implied warranties of merchantability or fitness for a particular purpose.
11. **GENERAL TERMS.** These Terms supplement the Everpure End User Agreement (or other written agreement covering the same subject matter executed by Everpure) for the applicable subscription purchased by End User. Capitalized terms not specifically defined in these Terms have the same meaning as in the End User Agreement. Everpure reserves the right to update these Terms from time to time, as noted by the "Last Updated" date above.
