California Voluntary Carbon Market Disclosures Act
Pure Storage, Inc. 2024 Disclosure

Pure Storage, Inc. (“Pure”) provides this disclosure pursuant to the California Voluntary Carbon Market Disclosures Act (“VCMDA”).

VCMDA 44475.2 Disclosure

Pure is committed to becoming net zero by 2040, covering our Scope 1 and market-based Scope 2 emissions, and to reducing our Scope 3—use of sold product emissions per effective petabyte, by 66% by 2030, against a FY20 baseline. Pure publicly reports on our approach and progress toward these goals in our annual ESG Report. We engaged an independent third-party auditor, Apex, to conduct an independent verification of our fiscal 2023 and 2024 GHG emissions. Apex has provided limited assurance of our fiscal 2023 and 2024 GHG emissions data. Apex’s Verification Opinion Declaration is posted on our website here.
